THE ART OF MINDFUL LIVING

Since 1989, Brush Dance has been combining the work of independent artists with the wisdom of teachers, poets, and writers to create calendars focused on mindfulness, compassion, and joy. Explore the art of conscious living with popular titles like *Live with Intention*, *Arrive with a Smile*, and *Mindful Eating*. Experience a daily moment of peace with *Enlightened Rumi* and *Points of Light*. Brush Dance invites us to discover happiness for ourselves and share it with the world around us.
