The background of the image is a dense, overlapping pattern of green leaves. The leaves are in various shades of green, from light to dark, and their veins are clearly visible, creating a complex, organic texture. The leaves are arranged in a way that they seem to be growing and spreading across the entire frame.

The Art of Mindful Living

Brush Dance has been beautifully curating wall calendars and planners centered on mindfulness, intentional living, beauty, and joy for over 30 years. We combine the works of independent artists and photographers with the wise words of teachers, poets, and writers as we strive to inspire hope, celebrate life, and proclaim mindful living.

Brush Dance brings what matters most, with popular titles like *Mindful Living*, *A Fearless Woman*, and *Live with Intention*, as well as wise words from Thich Nhat Hanh, Rumi, and Buddha. Nature still inspires with *Seaside Solitude*, *Japanese Gardens*, and *Jewel of the Lotus* wall calendars, and planning mindful days is an easier process with our beloved planners.

At Brush Dance, we continue to seek the art of mindful living every day of the year. Join us.

Doesn't hurt
to be optimistic;
you can always
cry later.

Love is not what makes the world
go round -

Love is what makes
the ride worthwhile.

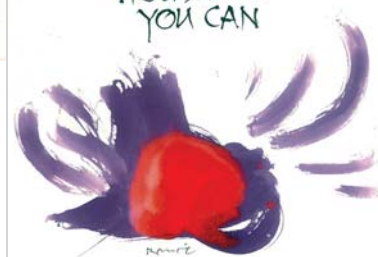

In a companion
on my walk,
remains
a little butterfly

It's okay
to wake up
LAUGHING.

YOU CAN

It isn't the mountains ahead
that wear you out -
it's the grain of sand
in your shoe.

If you don't get everything you want,
think of all the things
you don't want.

An original is hard to find,
but
easy
to
recognize.

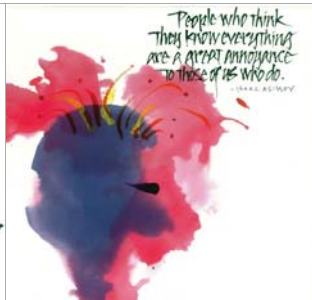

It doesn't hurt

you can always

People who think
they know everything
are a great annoyance
to those of us who do.
