# THE ART OF MINDFUL LIVING

Since 1989, Brush Dance has been combining the work of independent artists with the wisdom of teachers, poets, and writers to create calendars and planners focused on mindfulness, compassion, and joy. Explore the art of conscious living with popular titles like *A Fearless Woman*, *Mindful Living*, and *Live with Intention*. Experience a daily moment of peace with *Japanese Gardens*, *Jewel of the Lotus*, and *Pathways* wall calendars. Set apart some time for self-reflection with the help of our elegant and practical planners. Brush Dance invites us to discover happiness for ourselves and the world around us.
